AURABOO AKA. NEREIARTS

AMNESIA BLOG: nereiarts.tumblr.com

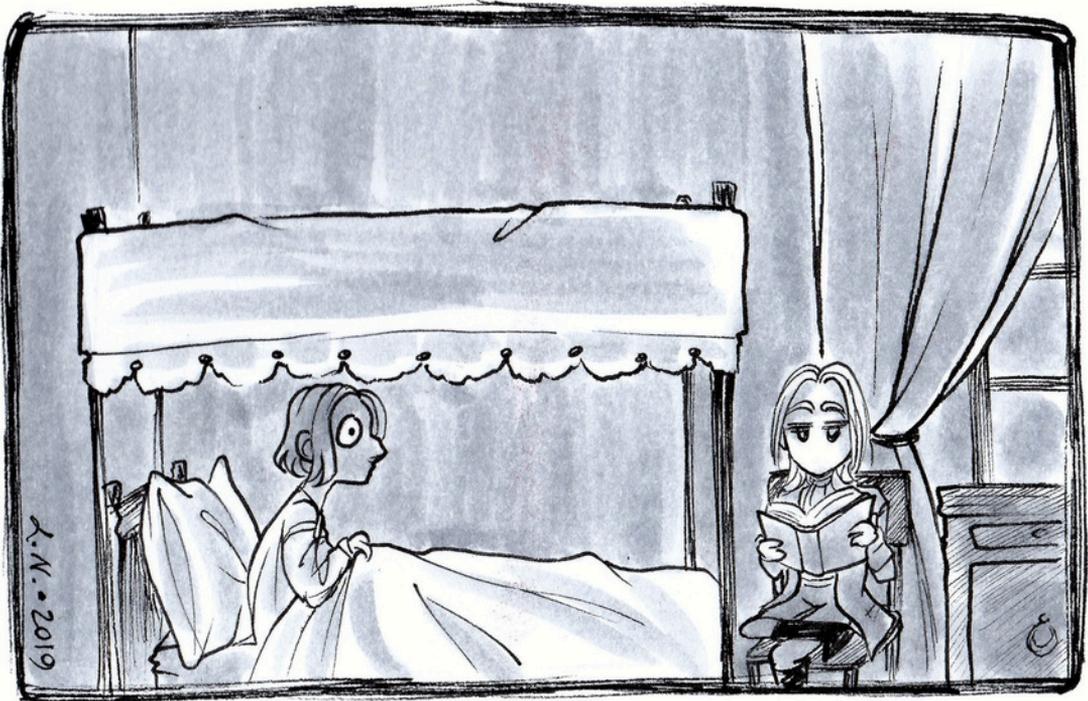

OFFICIAL BLOG: auraboo.tumblr.com

Writes too much fanfic and draws a lot of stuff about Daniel and Alexander. Author of Count the Daylight Hours, Capturing Venus and some others. Also of this zine. Born 1988, lives in Vantaa, Finland. Lives on tea, videogames, memes and glitter.

About this zine: Well, this has been a long time coming. Some, or a lot, of these comics were created as responses to asks and prompts people send to my Amnesia Tumblr. I have way too much fun drawing 'em: they've really enabled me to explore the depths of my awful sense of humour. If you want to see more, head over to my Tumblr, I do still make these regularly.
